No. 189

TELEGRAPHIC. DEBATE CONTINUES

Hon Clifford Sifton Makes Important Announcement

(Special to the Bulletin.)
Ottawa, August 13.—Sifton, Haggart and Kimmerson spoke on the Grand Trunk Pacific bill today. Sifton made comprehensive, showing it to be possible to haul grain from Winnipeg to St. John by all rail route for eleven cents a bushel. The present lake and rail rate is 16 cents a bushel. Flour went for rail in preference to the water route. He warned the House that Ontario trade must have facilities all year through Canada, or the trade would have to go through the States. He announced the closing of land accounts with the Canadian Pacific railway and that fifty million acres of land, which had been reserved for the Canadian Pacific railway company's selection, were now available for government purposes. It was proposed to allow homesteaders to purchase the right to homestead on odd sections in such tracts now railway land, and this would make twenty million acres of government land, which is now unavailable, worth three dollars an acre. Haggart made rambling opposition to the whole scheme. He wanted the money spent on the Georgian Bay canal, lake ports, and elevators, making the remarkable statement that the present facilities west of Winnipeg were ample.

Winnipeg, August 14th.
CABINET TROUBLES IN SERBIA.
The Serbian ministry has resigned.

MARONOS DEFEAT GRAND FORPS.
The Maronites defeated Grand Forps yesterday in the Northern Baseball League.

NEW YORK STOCK EXCHANGE.
Prices on the New York stock exchange advanced greatly yesterday.

STRIKES IN BRITISH COLUMBIA.
Miners' strikes are reported from British Columbia.

WHEAT PRICES HIGH.
No. 1 hard wheat advanced to ninety cents in Winnipeg yesterday.

MINISTER'S SUDDEN DEATH.
Rev. Mr. English, of Cobourg, Ont., dropped dead at Fort William.

ADRIET IN AN OPEN BOAT.
A twelve-year-old boy was found adrift in an open boat 100 miles from the coast of Georgia.

GATHERING FOR THE GREAT CONGRESS.
Thirty delegates to the Congress of Chambers of Commerce of the Empire have arrived at Montreal.

MORE BURGLARIES AT FORT WILLIAM.
Burglars at Fort William entered the Pigeon River Lumber Company's office and stole \$300 or more.

GRAIN QUOTATIONS.
Fort William wheat, No. 1 hard, spot, 90 cents a bushel.
Winnipeg oats, No. 2 white, 30 cents a bushel.

FORT SASKATCHEWAN NEWS

Fort Saskatchewan, August 13.—Real estate is still active. Several buyers have obtained lots on Dr. Aylen's property.

Building operations are hindered for want of material.

The trustees of the school have extended the time for receiving tenders until Saturday, August 22nd.

All the new comers in business circles appear to be doing a good trade.

Mrs. Wright of Beaver Hills is opening out in the photograph line.

A large audience greeted Miss McClellan and Miss Kerr at their concert in the Langworthy Hall last evening.

John Hamblin, Jr., is making arrangements to build a new livery stable.

Fraser & Green are occupying their new store on Dennis avenue.

Mrs. A. Deow is starting a dress-making establishment.

Mr. Gourley has rented the new house of D. Summons on Dennis avenue.

The police are going through their annual shooting on the police range here.

Mr. Hunter, proprietor of the Fort Saskatchewan Reporter, who has been seriously ill, is much better.

Mr. D. J. Summons' brother arrived from the east last Friday.

Miss Morgan, late of Winnipeg, is visiting her sister, Mrs. Faulhaber, here.

STRATHCONA FAIR

Excellent Agricultural Show But Small Attendance

The Strathcona exhibition opened yesterday. The day was chilly and misty showers of rain fell throughout the afternoon. Perhaps this was one of the reasons for the comparatively small attendance. The main reason doubtless was that as there were no other attractions beyond the agricultural show the townspeople did not turn out and the country people waited until today, the principal day of the fair.

The agricultural hall was a very distinctive credit to the exhibition. As the judges were still at their work when we looked through the building, it is impossible to publish the names of the principal exhibitors. The ladies' work display was superior to that of the Edmonton exhibition. The entries, besides being very numerous, were of a very high standard of excellence.

The exhibit of flowers and plants was excellent, especially the house plants, which were shown in considerable numbers. There was a large exhibit of bread, buns and preserves. Numerous paintings, crayon work and views were very attractive. Exceedingly good work was noticed by the school children in map drawing, writing, and drawing books and specimen writing.

A half dozen cages of canaries made an attractive exhibit. In a tent adjoining the agricultural hall was the exhibit of grains and vegetables. This was by far the best department of the show. Exceedingly numerous and excellent samples of grain of a great length were shown. Some of the samples were: timothy, almost six feet long; slough grass, over six feet; oats, six feet long; wheat, over five feet and almost ripe; peas, well podded and fully six feet in length; flax and vetches of an unusual size. A very interesting exhibit was that of common fodder corn. Two samples by John Govenlock and John McKenzie were of an excellent growth and quality. The exhibit of all the smaller roots and vegetables was exceedingly fine. The entries in potatoes were numerous and superior to anything seen so far this year. A bunch of sugar beets, grown in the open field by way of experiment, were over twelve inches long and five inches through at the top. Large bunches of different kinds of clover made an excellent exhibit.

The poultry exhibit was large and of an exceptionally fine character. Different classes of hens, geese, ducks, turkeys and pigeons were shown. The entries in the swine exhibit were especially numerous. The judging had not been done yesterday afternoon and we are not able to give the names of the exhibitors.

The sheep exhibit was very small. In cattle and horses the entries were fair, but not nearly up to what they should have been.

Today is the main day of the exhibition and large crowds are expected to be in attendance. The races come off this afternoon and a lacrosse match, Strathcona vs. Edmonton, will be played this evening.

SPECIAL COUNCIL MEETING

A special meeting of the city council was held in the usual place yesterday evening. Those present were Mayor Short, Councilors Cushing, Fraser and Hemmick.

Mr. C. Robert, who was present by the request of the council, was asked to state his reasons for proceeding with the construction of a livery stable on lot 84, block 1, H.B.R. in the face of the opposition of a strongly signed petition objecting to its erection in that locality. Mr. Robert stated that he had bought the lot for this purpose and that its location was most suitable. The same objections might be made by surrounding residents no matter where the stable was erected. However, if he could obtain a reasonable price for the lot and secure another suitable location it would be satisfactory.

H. C. Taylor appeared on behalf of Mrs. Haggart and others, objecting to the location of a stable on this site. It was decided to defer further discussion of the matter until the next regular meeting of the council, and Councilors Fraser and Cushing were appointed a committee to enquire fully into the matter in the meantime and to endeavor to arrive at a settlement satisfactory to Mr. Robert.

J. W. Haff's application to supply earth to fill up the Bellamy grade was submitted and read. It was decided to accept the offer, the earth to be dumped according to the instructions of the City Engineer.

The meeting then adjourned.

WEATHER FORECAST

Showers have been fairly general in Manitoba and the eastern part of the Territories, but seemingly no heavy falls have occurred. The temperature fell to 36 degrees at Edmonton last night and the outlook is still cool. In Manitoba a few more showers or local thunderstorms may occur today and in the Territories fair weather followed by local showers in Alberta.

J. T. BLOWEY

18 STYLES OF OFFICE AND HOME DESKS. Our Office Desks include all the practical features of a business man's desk, at prices that mean business also. Our home desks are perfect, economical space and still giving a large writing bed.

Typewriter desks, tilting and arm chairs, we have them all. We buy for two large stores, buy for spot cash, and will make it pay you to buy here.

J. T. BLOWEY.

EDMONTON STRATHCONA.

High Level Bridge

The survey for the high level bridge across the Saskatchewan from Strathcona to Edmonton, have been completed and Engineer Crowl is now on his way east to lay the matter before the proper authorities. It is rumored that all the surveys made the two most suitable are, first, from a point below Walter's mill to a point near the Hudson Bay fort and secondly, from the top of the bank on the road between Edmonton and Strathcona to a point near the Grandview hotel. It is said that the latter situation is more favorable to the Canadian Pacific authorities from the end of their present Calgary and Edmonton branch. There is no doubt whatever but that immediate steps will be taken for the construction of the bridge.

LOCAL

—Train left Red Deer on time.

—A C. P. R. survey party is running a line from Lacombe east at present.

—A Canadian Pacific survey party will run a line out to Bruderheim from Strathcona in a few days.

—The concert given by Miss Kerr and Miss McCoy in Robertson Hall last night was very poorly attended.

—J. H. Melick, of Belmont, has made a wonderful improvement in his farm in the way of brushing, breaking and fencing.

—Edmonton and Strathcona lacrosse clubs cross sticks this evening on Strathcona grounds. An excellent match is expected.

—A picnic will be held on Saturday August 22nd, for the children of the Edmonton public school. All children whose names are on the rolls are entitled to attend. Further particulars will be given later. It has been decided to make this picnic an annual affair.

—MacLeod Gazette.—About 270 head of cattle owned by Messrs. Redpath, Hewitson and Wilson, were shipped last Monday from Funcher Creek to the Red Deer country. They were taken as far as Medicine Hat by rail, and then driven 75 miles north to their new range, near the junction of the Red Deer and Saskatchewan rivers.

—Calgary Albertan.—A man named Gamble was arrested yesterday at Grear's ranch, on a charge of stealing a horse at Red Deer. The arrest was made by the police on instructions by telegram from Red Deer. The case will come up before Messrs. Redpath, Hewitson and Wilson, were shipped last Monday from Funcher Creek to the Red Deer country. They were taken as far as Medicine Hat by rail, and then driven 75 miles north to their new range, near the junction of the Red Deer and Saskatchewan rivers.

—School opens on Monday, August 17th. Owing to the large number of new pupils it is important that all who expect to attend during the term should be in attendance the first day in order to secure their seats. The pupils who were in Miss Boyle's room will go to the old school on that street. All others will present themselves at the new school, Queen's Avenue.

—Mrs. A. M. Anderson returned to Leduc this morning.

—Henry Dick, Ponoka, spent the past two days in Edmonton.

—Miss G. B. Sutherland, of Clearwater school, Leduc, returned to Leduc this morning from a visit to Edmonton.

—Mrs. R. Secord and Mrs. G. T. Bragg were among the number who left on the excursion to the coast this morning.

NEW ADVERTISEMENTS

During the visit of Dr. W. J. Harvey you can secure the services of one of Canada's leading eye-sight specialists without the inconvenience or expense of visiting one of the eastern cities.

FRIDAY, AUGUST 14TH, 1903.

FROM OTTAWA

Bulletin Correspondence.

It was expected that the Grand Trunk Pacific subsidy resolutions would be taken up on Monday or not later than Tuesday, but Monday, Tuesday and Wednesday have passed without their being reached. The order of business on Monday provides for all business being given to private bills, and the bill incorporating the Grand Trunk company, which has been hung up during the negotiations regarding subsidy was once more brought forward. The changes made necessary by the arrangement entered into whereby the government constructs the section from Moncton to Winnipeg, had to be met by numerous amendments, which led to lengthy discussions. The company is empowered to build branches from the government line to Port Arthur and Port William, where connection will be made with lake navigation; to North Bay or Gravenhurst, where connections will be made with existing Grand Trunk railway systems; to Montreal, and from a point on the main line in New Brunswick, near the present town of Chipman, to the port of St. John. The bill is in charge of Mr. McCarthy, who moved for the branches to Port Arthur, North Bay and Montreal, but the St. John branch was moved by Mr. Emmerson, of Westmorland, New Brunswick, the prospective successor in the cabinet to Mr. Blair. This amendment produced a long discussion, chiefly between Mr. Emmerson and several Conservative members from New Brunswick, who argued that the St. John branch should leave the main line at Edmundston and be built down the St. John Valley, claiming that this would be a shorter route to the port of St. John. To build separately from Edmundston instead of from Chipman would mean the construction of at least one hundred miles more of railway. Although on looking at the map the route by way of Chipman appears to be slightly longer than that direct from Edmundston, figures were submitted by Mr. Emmerson, proving that the Chipman route was the shorter, by fifteen miles; the respective distances from Lewis to St. John being 263 miles by way of Chipman, and 398 miles by way of alternative line direct from Edmundston. By the I. C. R. the present distance from Quebec to St. John is 587 miles, a difference in favor of the proposed new route of 204 miles. The bill did not get out of committee on Monday and discussion on it was resumed during the hour for private bills on Wednesday. There was considerable discussion on the subject of the capital of the company and the amount to be paid by the Grand Trunk company for the twenty-five millions of common stock to be held by them. Stress was laid by the opposition on the feasibility of this twenty-five millions being acquired by the Grand Trunk company at less than par, and the influence that its holding would have against control of rates by the government. But this argument is inefficient in view of the fact that the government under the arrangement made has knowledge of the actual cost of the road and, therefore, in fixing rates will not be entitled to consider earnings on stock beyond the amount of actual cost. If the Grand Trunk company chooses to put twenty-five millions of dollars into the Grand Trunk Pacific scheme by the purchase of that amount of common stock at par, it will be entitled to earn interest on the amount, but if money does not go into the road in respect of this stock the government is under no legal or moral obligation to permit it to earn dividends. The total capital stock of the Grand Trunk Pacific company is fixed at forty-five millions. Of this twenty-five millions is preferred stock, and twenty-five millions common stock. The whole twenty-five millions of common stock must be held by the original Grand Trunk company. By thus holding a majority of the stock the Grand Trunk company absolutely controls the Grand Trunk Pacific and to that extent stands to profit directly by its success or lose by its failure. This is the object aimed at, and is

is achieved, no matter what price the Grand Trunk company pays for the stock.

Tuesday was chiefly occupied with a discussion of the steel bounties. The opposition were unanimous in declaring that instead of bounties duties should have been levied. They were ably supported in this argument by the ex-Minister of Public Works, and entirely disregarded the necessary difference in result between bounties and duties. The duties, if levied, would necessarily mean dear iron and the corresponding crippling of every industry in Canada which requires iron in its business, while the bounty tends rather to cheapen iron to the consumer than to increase its cost. Besides, while the duties would increase the cost of all iron used in the country, the bounty only increases the cost of that manufactured in the country. While declaring that the bounties were not adequate, and should be displaced by duties, the opposition did not challenge a vote; and the resolution was carried without division.

The amendments to the Manitoba Grain Act were then discussed and a number of the proposed amendments agreed to. These amendments are the suggestions of the Western Grain Growers' association, which sent delegates to Ottawa during the present session for the purpose of having them endorsed. They are amendments in detail, but not in principle, of the provisions of the act of last year, requiring the apportionment of cars to all applicants. This is the principle that was contended for at the start and was so long in reaching success. It was finally adopted last session and went into operation during the marketing of last year's crop. Notwithstanding all that had been said against it as being "protection and socialism," or that was done against it by ineffective enforcement, the principle has been strengthened by experience, and the amendments proposed are intended to achieve the still more satisfactory working out of that principle.

Wednesday was chiefly occupied with a discussion instituted by the opposition on an alleged contravention of independence of parliament act by Mr. Loy, M.P. for Beauharnois. During the administration of the public works department by the Hon. Mr. Tarte, he had decided to build a post office at Valleyfield, a manufacturing town of some twenty thousand inhabitants. Mr. Loy, the sitting member, owned the most available site, but the independence of parliament act prevented his dealing with the government for it. Without Mr. Loy's knowledge or consent the minister arranged with a real estate firm in Montreal to purchase the lot from Mr. Loy. This was done on representation to him that the site was desired for a mercantile enterprise. Afterwards the lot was turned over to the department of public works. Mr. Moeck, French leader of the opposition, drew attention to the transaction some days ago and asked for an investigation, which was at once granted. The investigation developed the facts stated and the committee reported exonerating Mr. Loy, but Mr. Moeck, seeing an opportunity to create the impression in the public mind that a wrong had been done, refused to accept the report of the committee when presented to the House and made the matter the subject of a debate and vote. The vote resulted in the report of the committee being sustained by a majority of over two to one.

Resolutions have been introduced providing for the salary to be paid the railway commission provided for in the railway commission bill. There are to be three commissioners and a secretary. The chief commissioner will receive ten thousand dollars a year, the two others, eight thousand each, and the secretary four thousand dollars. No names are mentioned and no one knows yet who the commissioners will be. The position is to be for ten years. It is a question if the salary will be high enough to secure as high class and experienced men as the duties laid upon them by the bill will require.

A resolution has also been introduced to assist in a direct newspaper cable service between Great Britain and Canada. The amount is fifteen thousand dollars a year for the first three years and a decreased amount afterwards to be paid dollar for dollar with an amount to be expended by an association of Canadian newspapers in securing a direct cable service. It has been apparent for many years that the alleged British news republished by Canadian papers from the cable correspondence, chiefly of the New York papers, has done anything but give a correct view of British events or opinions; and in any case has not dealt with the subjects that are chiefly of interest to Canadians. At the same time the tremendous expense of providing an exclusively Canadian service has hitherto been a bar to its establishment. It is hoped that with the assistance now offered by the government it will be possible to get a direct service that will deal with British questions from a British and Canadian point of view rather than from the point of view of the New York press, whose limitations are rather those of enterprise and of prejudice than of truth.

HORSE HILLS

School reopened on the 10th inst. in the old log building, as the new brick one is not quite completed.

Haying is in full swing. Various loading stacking devices are being employed, and of course each farmer considers his the best.

Keith and Robert Moffat are out making improvements on their half section north of the Sturgeon.

On Friday, the 7th inst., Mr. and Mrs. David Shlette became the proud parents of a bright little boy.

M. A. Breckenridge, teacher at Pleasant View, near Fort Saskatchewan, was visiting in this neighborhood last week.

At the meeting of the ratepayers on Saturday, Robert Corbett was elected School Trustee to fill the vacancy caused by the removal of Chas. White.

Alas, the source of blossoms on the tree of Henry Borgward's apple trees, about which your correspondent boasted in the spring, have disappeared, leaving only one fruit. At first there were many small apples, which grew till they were as large as marbles, but the wind blew them off with the exception of the above mentioned one.

This one is now larger than a walnut and is getting red on one side; and if the cherishing care of the proud possessor counts for anything it will certainly be a wonderful apple. But I suppose Mr. Editor, that you have many Ontario subscribers, so I'll not say any more about just one apple, when they never mention it, even if dozens of barrels are wasted.

On Saturday afternoon, the 29th inst., plans in to be held in the grove at the new school to celebrate the completion of the building, which has been contemplated for years. Games and races, auction sale of the old school, supper, then a concert in the new school will be the order of events. Everybody is asked to plan for this and come.

August 11th.

LEDCU

Record.

Mr. Joe Morris was in town this week on business.

Mr. A. Tipton of Strathcona, was a visitor in town this week.

Mr. E. Kirkpatrick went to Edmonton last Monday on business.

Miss Ethel Kirkpatrick has been very sick for the last week, but is improving nicely now.

Miss G. B. Sutherland, of Clearwater school, is in Edmonton this week on a visit to her friend, Miss J. Little.

The famous Wetaskiwin band will be here on the 20th. The band is one of the best in Alberta and it will be well worth listening to.

The main street this week has had

a very busy appearance on account of Dad Acher being the large pile of earth removed from the front of his new hotel addition.

Mr. Potter and family, of Edmonton, are down here enjoying a vacation. They are camped on the north bank of the lake and are doing quite a lot of boating, and having a good time.

Mr. C. J. Blondheim, of Conjurung Creek, was in town this week. This is the first time he has been to town since April last and he is more than astonished at the rapid growth of the town.

On account of the celebration here on the 20th, the C. P. R. will place in effect a rate of fare and one third for the round trip from Strathcona to Ledcu and from points south of Ledcu within fifty miles.

Mr. Sam Butchart's team started to run while he was driving home last Tuesday and ran into a mudhole where the double tree broke and the team and Mr. Butchart went on for a short distance. Mr. Butchart received a scalp wound.

Mr. Rider's little three-year-old daughter met with a serious accident this week. She was playing around the house and got too close to a colt's hind feet with the result that she received a bad kick in the face, cutting it badly and losing several teeth. We hope the little one will soon recover.

850,000 ACRES FOR SALE

On and after July 4th we will occupy offices over the Merchant's Bank.

Edmonton, Alberta.

Winnipeg Markets

Commercial, August 8th.
Wheat.—We said last week there was nothing doing in Manitoba wheat, but this week there has been less, some odd cars being sold, but everything is now nearly cleared up. We give the prices nominal: 1 hard, 87 1/4; 1 No. 1, 86c; in store Fort William and Fort Arthur for August delivery. Some September and October delivery has been sold at 82c for 1 hard.
Oats.—Receipts are limited. Some are holding their stocks until they see what the new crop is to be like. There is no change in the price. Local buyers pay 32c per bushel for carlots of No. 1 white, on track here, and 31c for 2 white. Feed grade 28c to 30c. At Fort William No. 1 white oats are worth 31c per bushel; No. 2 white, 30 1/4 cents.
Barley.—There is practically nothing doing in this grain. Shippers are quoting 38 1/2c for No. 3, and 37 1/2c to 38c for feed in store, Fort William. Local merchants would pay 32c to 34c for feed barley on the street here, and about 10c more on the track.

NORTH WEST TERRITORIES GAZETTE

The following items of local interest appear in the last issue of the North-west Territories Gazette:
Justice of the Peace, R. H. Mennie, Whitford, Alta.

CALMAR NEWS.

Leduc Record.
The creeks are booming, like the rest of the country.
Messrs Lindstrom and E. Lindberg are putting up residences on their premises.
Our mail carrier is making good time in spite of the frightful roads we are having.
Mrs. Blomquist took the stage for Leduc Friday for a visit to Watskiwin.
We understand our old neighbor, C. Andrus, is coming back here this fall from North Dakota. Charley thinks his farm here is worth as much to him as a whole township down there.
Our schoolhouse is to be enlarged this fall by adding ten feet to the length of it, making the same 18x36. The district register shows about sixty children on the roll.
Let us all take in the Leduc fair on the 20th.
Calmar, August 3rd, 1903.

Dr. Harvey is the author of many valuable treatises on matters pertaining to the eye and the proper correction of defects of sight. He is the inventor of the Harvey Dynamic Illuminous Retina Ophthalmoscope and the founder of the Empire College of Ophthalmology, Toronto, which has raised the standard of optical knowledge to a professional basis, and whose graduates are today giving the public more satisfactory sight than previously obtained by any known method. By his recent discoveries in marked astigmatism many who were great sufferers have been restored to normal sight. The doctor will visit Edmonton Saturday, August 22nd, and Monday, the 24th.
